

STIEBEL ELTRON

Proudly hosted at 

6th German-Australian Business Day as part of Brisbane German Week 2021

Progress with Agility

Tuesday, 5 October / 3.00pm–6.00pm

SAP Office, 20/140 Creek Street, Brisbane

Resilience can be forged out of pain but understanding when to move and how to be agile, even when what you've done in the past has been successful, can be challenging in a global market that's constantly changing. Our conversation will reveal some of our own blind-spots that can block us from being more agile and where to be more resilient and when to let go.

The 2021 German-Australian Business Day is jointly organised by the German Consulate in Brisbane, the German-Australian Chamber of Industry and Commerce (Qld Chapter) and the German Australian Business Association. This event will provide the audience with first-hand insights into the newly established TIQ Office in Germany, a tremendous milestone in the progression of the Germany-Queensland relationship. *iGABA*, an innovative new local association dedicated to German-Australian trade and investment, and new strategic partner of the AHK, will be introduced. We will also welcome the new Queensland Ambassador for GABWA here in Brisbane before we explore the notion of *Progress with Agility*.
